Novel trends in rheology V

Zlín, Czech Republic / July 30-31, 2013

TOMAS BATA UNIVERSITY IN ZLÍN

CENTRE OF POLYMER SYSTEMS, POLYMER CENTRE

in cooperation with

SOCIETY OF PLASTICS ENGINEERS

and

CZECH GROUP OF RHEOLOGY

organize international conference focused on novel trends in rheology of polymer melts, complex fluids, polymer processing and polymer nanofibers

NOVEL TRENDS IN RHEOLOGY V

July 30-31, 2013

Tomas Bata University in Zlín, Mostní 5139, 76001 Zlín

All conference lectures will be given by the invited and carefully selected speakers in order to guarantee a very high level of presentations and scientific papers. The conference book will be published under the American Institute of Physics (AIP). The printed conference book and its online version will have the Volume number in the AIP Conference Proceedings Series, ISSN and ISBN.
